INFORMATION FOR  
UKRAINIANS IN  
DENMARK

Dear reader. You might be reading this because you arrived to Denmark, or are on your way. We know that this is not what you planned, and that you might be confused and worried. We want you to know, that all of Denmark is working hard to find the best solutions for Ukrainians, and all Danes are welcoming you with open arms. We collected a bit of information for you, that might be helpful.

### When arriving in Denmark

**Tourist:** When coming to Denmark with a Ukrainian passport, you can stay in Denmark as a tourist for 90 days. If you do this, you will have to find housing etc. on your own. You will not have access to the jobmarket or financial support.

**Asylum:** Refugees can apply for asylum in Denmark. This can be done by contacting the police, Ministry of Foreign Affairs or (Asylum)Center Sandholm. When you're granted asylum, you can live and work in Denmark and use the Danish welfare. Danish Refugee Council offers free of charge asylum-counseling via phone: +45 3373 5000 or e-mail: [advice@drc.org](mailto:advice@drc.org).

Special law: A special law for Ukrainian refugees is being processed in the Danish Parliament. This law will give Ukrainians a residence permit, so they can live and work here, and use the Danish welfare. The law is expected to enter into force the middle of March 2022. It is not known yet, whether people who already applied for asylum, are able to use this law. We therefore advise you, if you are able to stay as a tourist, to wait with your application until the law has entered into force.

Housing: If you need a place to stay, you can contact the municipality.

Some municipalities handle the contact between citizens (who can house refugees) and refugees. You should therefore ask the municipality you're in.

Some municipalities do not have the resources. You can instead find private housing via Facebook groups such as:

Ukrainian refugees in Denmark Ukrainian refugees in Denmark | Facebook

Ukrainians in Denmark Українці в Данії - Ukrainians in Denmark | Facebook

Venligboerne København og omegn Venligboerne København & omegn | Facebook

You can also find initiatives in the city you're in via internetsearch. Most cities/municipalities also have Facebookgroups, you can search for. In these groups Danish citizens will also typically post what they have to offer. You can also search on AirBnB.
